CHANGE OF DESIGNATED RESPONSIBLE PRODUCER FORM

Every licensed business entity must designate a licensed insurance producer (DRLP) for the business entity's compliance with the insurance laws, rules and regulations of this State. A business entity may have more than one DRLP. The lines of authority on a business entity license must be supported by the same line of authority on the DRLP(s) license. Failure to have all lines of authority on a business entity license matched by a line of authority on a DRLP's license, will result in the removal of the effected line(s) from the business entity license.

The Department must be advised of all changes of DRLP as they occur. Please **fax** this form to the Department at **609-984-5263** to advise the Department of changes in DRLP.
